## POTATO GROWING

Some Practical Hints Given by State Lecturer Brigham.

In a recent lecture before a Farmers' Institute, on the subject of potato growing, Hon. J. S. Brigham, of Wood county, gave a very practical talk. He says he does not make much distinction between early and late potatoes, although the late ones are invariably a more certain crop. The potato used for planting should never be allowed to sprout in the winter. It should be kept either in cold storage or buried. Mr. Brigham said. The sprouting of a potato robs it of a certain amount of growing capacity. If potatoes are to be planted by machinery, the hills should be 34 inches apart with four inches of dirt over them. Early cultivating in the right manner is half the battle against weeds, said the speaker. The ordinary cultivator sulky, with one and a quarter inch shovels, was recommended.

"I suffered habitually from constipation. Doan's Regulents relieved and strengthened the bowels so that they have been regular ever since."—E. Davis, Grocer, Sulphur Springs, Texas.

## COURT HOUSE NEWS.

Benjamin F. James has brought suit against Michael C. Roth for \$150 damages which he claims he sustained as a result of defendant failing to fulfill his agreement to accept \$400 in full payment for lots 310 and 311, in Risingsun, provided a purchaser was obtained by the plaintiff which the latter says was the case. He asks an attachment on the lots, stating that the defendant is about to dispose of them. The latter lives in Devils' Lake, N. D.

Chris Hartsing vs. Egar L. Kingsbury is a suit for \$400 which Hartsing claims is due him as the balance of \$500 which sum was agreed upon by plaintiff and defendant in 1907 as the amount due the former.

Harry J. Robinson has brought suit for divorce from his wife, Lucretia J. Robinson, to whom he was married November 6th, 1906, at Monroe, Mich. Gross neglect of duty is the ground given.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds or colds and all throat and colds that I have ever used." For lung troubles, it has no equal. 50c and \$1.00 at C. P. Champney's.

## PASSING OF EDGAR A. SAXBY.

The many friends of Edgar A. Saxby, of Weston, were surprised and deeply grieved to learn of his sudden death on Saturday, March 8, 1913 at 12:44 p. m.

While in apparent good health he was stricken with apoplexy while in his drug store on Friday last shortly after returning from his noon lunch. Physicians and relatives did everything possible for him, but to no avail, and 24 hours later his spirit passed to a higher life.

Mr. Saxby was 49 years, 8 months old. He was born in West Millgrove, this county, and resided there as a youth.

He later went to Weston as assistant postmaster to Judge Frank Young and during the Spanish-American war he entered the government service and was for two years employed in Cuba.

He was united in marriage with Miss Effie Kirk 24 years ago, and his widow and two children—Miss Florence and Master Edgar—are left to mourn the departure of a kind and loving husband and father, while his aged mother, Mrs. Martha Saxby, and his brother, Charles B. Saxby, deplore the passing of a devoted son and brother.

Mr. Saxby was a man of charming personality and high character and his sudden leave-taking has left a feeling of deep regret in the hearts of all who knew him.

The funeral services were held on Monday, conducted by the Weston Lodge of Masons and the Presbyterian minister.

## MAUMEE VALLEY ROAD

People Want New State Road to Follow River Valley.

Thirty towns in the Maumee Valley are co-operating in an effort to have the legislature build one of the proposed 10 state roads from Toledo to the state line near Ft. Wayne, following either side of the Maumee river. The petitioners say that a more beautiful and historic route cannot be chosen. That the route is the logical one for northwestern Ohio from commercial and utilitarian standpoints and is economical by reason of the natural grade and drainage and substantial roads already existing.

### POULTRY RAISING.

There seems to be considerable interest in the matter of poultry raising in this locality, and we understand there are many chicken fanciers in Perrysburg township and vicinity.

Robert Mower, who has recently purchased the Ross property on Front street, is a breeder of high grade birds and makes a specialty of Rose Comb Rhode Island Reds and has just received a beautiful silver cup for best display of Rose Comb R. I. Reds at the Cleveland show.

Mr. Mower has won many prizes with his birds and is acknowledged one of the most prominent breeders of that strain of fowls.

He takes great pleasure in showing his pets to those who are interested. S. E. Hartsborn has some fine egg producers and his 24 pullets produced 429 eggs during the 28 days of February.

We will be pleased to hear from others.

## HELP YOUR OWN TOWN

Attitude of Citizens Help or Harm the Village.

The Perrysburg Civic Association is organized for the exclusive purpose of helping to build up the town of Perrysburg and the attitude of each individual citizen has much to do with the success of the plans.

It is not the site of a town but its character that makes it a desirable place in which to live. A live, prosperous town is a desirable one, and a town may live and prosper and yet be small. Every citizen in a town should be interested in its prosperity. One of the ways to help a town is to be true to its interests and stand by its citizens. Another way to help a town is to beautify it. Beautify your property all you can, then do all you can to beautify your streets. Be friendly with everybody, courteous to strangers. Your civility will help to make a good impression; will help by its being carried away and cherished. Never be rude, for you are a part of the town, and your own deportment helps to make up the stranger's estimate of the place.

Sell all you can and buy all you can at home. Every dollar that is spent or carried away makes it that much poorer. If you have the means invest it in something that will give somebody employment. Do not kick a proposed improvement because it is not at your door. If a rich man starts a project encourage him; if a poor man starts one, help him. Don't be afraid to thrust your hands in your pockets to help a public enterprise. More towns have been killed by such refusals than in any other way. The citizens of any prosperous town are always public spirited and united. Stand together for the interests of the whole town. Always be ready to do your part. Don't grumble and spend your time in prophesying failures, but help to make every enterprise a success, be it great or small. Be energetic and enterprising and your example will be imitated.

## TWO IMPORTANT DITCHES.

A petition signed by William Grolle and others has been received by the county commissioners and they have set March 28th at 10 a. m. as the time for viewing the proposed ditch improvement. This ditch is to commence at the head of old ditch on the west side of the McCutcheonville road at a point about 50 rods south of the north line of section 34, Perrysburg township, thence run north-west along the westerly side of the McCutcheonville road following the line of the old township ditch to Cedar Creek at the north line of section 28, Perrysburg, and there terminate; also a branch beginning at a point about 50 rods west and 60 rods south of the interior quarter post of section 28, Perrysburg, thence run easterly following the line of an old water course to the ditch on the west side of the McCutcheonville road and there terminate; also a branch commencing on the south side of the public road at the south quarter post of section 28, Perrysburg township, and running thence east following an old township ditch to the ditch on the west side of McCutcheonville road and there terminate; petitioners also ask that the waterway under the western division of the O. C. R. R. be lowered and enlarged at the ditch crossing.

The commissioners have received a petition for a ditch improvement signed by John F. and L. Sophia Schroeder and have set March 29th as the date to view the same. This is to commence at the head of old ditch about 25 rods west of the east quarter post of section 28, Perrysburg township, thence run east along the south side of the public road to county ditch No. 1420 and there terminate; also a branch commencing at the head of an old ditch at the south quarter post of section 27, Perrysburg township, running thence north to the interior quarter post of section 27, same township, thence west following said old ditch to county ditch No. 1420 and there terminate. Petitioners also ask that the waterway under the western division of the O. C. R. R. be lowered and enlarged at the ditch crossing.
